Subject: OMBC

ATTENTION: Jon Oden

Jon, \_

To follow up on our telephone conversation, these are my requests to the Board of Directors of OMBC and my reasons.

1. Names of the current directors and officers of the Board.
2. Names and addresses of all current Bond Holders and the amounts of their bonds.
3. The opportunity to examine the financial records of OMBC and all minutes of the Board's meetings.

The reasons are as follows:

- 1 and 2. There have been many changes in members of the Board as well as Bond holders and I am unaware of the current status of either.
3. I agree that creditors as such may have no right to financial information. However I am a voter and this request is made in that capacity. As a voter I have At the present time I have serious doubts as to how OMBC is being managed.

Once I have this information my fears may be allayed.

I am concerned that all Board meetings are closed even to voters who are not on an implied right to inform myself so I can make considered decisions in my voting the Board. This is unusual for a not for profit corporation. I submit it is time for that to end.

I have made this request to the Board on July 22, 2015 without a response of any kind. I would appreciate a written response in a timely manner.

Thank you,

Dave Rogers
